The paper as originally published contained the following errors which have since been corrected:

- Page 243, middle of the page: replace
  \[ \ell_0(b') = \nu_0(\pi_0(b')) = \frac{|\Phi_b|}{K} \gamma \Delta(b) L_0(b) \]
  by
  \[ \ell_0(b') = \nu_0(\pi_0(b')) = \frac{|\Phi_{b'}|}{K} \gamma \Delta(b') L_0(b'). \]

- Page 243, paragraph after the above equation: replace
  \[ \mu_0(b') = \frac{|\Phi_b|}{K} \gamma \Delta(b) U_0(b) - \lambda \text{ is an upper bound.} \]
  by
  \[ \mu_0(b') = \frac{|\Phi_{b'}|}{K} \gamma \Delta(b') U_0(b') - \lambda \text{ is an upper bound.} \]

- Page 243, after the above equation: replace
  \[ \mu_0(b) = \max \{ \ell_0(b), \frac{|\Phi_b|}{K} \gamma \Delta(b) U_0(b) - \lambda \} \]
  by
  \[ \mu_0(b') = \max \{ \ell_0(b'), \frac{|\Phi_{b'}|}{K} \gamma \Delta(b') U_0(b') - \lambda \}. \]

- Page 244, line 3 in Algorithm 4: replace
  \[ b' \text{ is blocked by any ancestor node in } D \]
  by
  \[ x \text{ is blocked by any ancestor node in } D. \]

- Page 247 and page 260, Lemma 4.1: replace
  \[ \text{where } b' = \tau(b, a, z) \text{ is a child of } b. \]
  by
  \[ \text{where } b' = \tau(b, a^*, z) \text{ is a child of } b. \]

- Page 247 and page 260, Lemma 4.2: replace
  \[ \ldots \text{a belief node in an optimal regularized policy that satisfies } U(b'). \]
  by
  \[ \ldots \text{a belief node in an optimal regularized policy derived from } D. \]
